# Campus Solutions

For Schools, Colleges, & Universities

## Admissions & Welcome Centers

Highlight campus news, events, and programs with easy-to-use cloud-based software with a hi-resolution interior or exterior LED display.

## Mass Communication, Box Office & Parking

Manage gameday flow, provide directional guidance, post emergency information, or news updates in real time at multiple locations.

## Interactive Classroom Displays

Integrate media content into your classroom lessons & encourage collaborative learning with an LED illuminated, 4k UHD 20-touch display.

## Indoor & Outdoor Digital LED Scoreboards

Engage with fans and enhance the in-game experience with scoreboard options for both gymnasiums & stadiums.

## LED Lighting

Create the ideal learning environment by improving lighting performance and safety, while saving money, with our turnkey solutions.

## Audio & Visual

Design a custom video wall or get customized AV solutions for your classroom, auditoriums, lecture halls, and more.
